

# Home Performance with ENERGY STAR<sup>®</sup> Gets Results

## A whole-house approach to energy efficiency:

- Utility bill savings of 20% or more
- Fewer drafts and more comfortable rooms
- Work performed by specially trained contractors
- Third-party quality assurance to make sure work gets done right
- Reduced greenhouse gas emissions protect the environment

## Typical home improvements:

- Sealing air leaks
- Adding insulation
- Upgrading heating and cooling systems
- Replacing lighting and appliances
- Installing high-performance windows
